01 \$1 BILLION IN WEALTH & GLOBAL IMPACT

Good Council members enjoy an unprecedented opportunity to coalesce and learn from carefully hand-selected coaches: titans of industry, multi-millionaires, executives, entrepreneurs, politicians, fathers, husbands...REAL MEN. Whether it's a private discussion with a 9-figure tech CEO, or toasting your success at our black tie gala at the Oheka Castle, Good Council will bring you into that world. It's a world unlike any other.

Good Council is the ultimate brotherhood – an exceptional braintrust and an unparalleled opportunity for progress and achievement. Each member has demonstrated a propensity for greatness, an unwavering commitment to personal and professional achievement, and a relentless resolve to grow to unprecedented heights, in order to have even more to give.

02 TRANSFORMATIONAL ACCOUNTABILITY

A tree cannot stand without roots, and a person cannot succeed without guidance.

Good Council's goal is simple: That you are transformed into a pillar of your community, your business and your family.

Imagine having a band of high-achieving men, each carefully hand-selected for their relentless pursuit of greatness, who always have your back; helping you - no, pushing you - to reach for your highest

ambitions. If you're selected, your renewable, annual membership grants you access to structured coaching, intense workshops, and mastermind sessions and summits for an entire year - all designed to establish accountability and transform you in the process.

03 THE POWER OF COLLECTIVE IMPACT

In the tapestry of life, the threads of individual effort may seem insignificant, but when woven together in the loom of collective impact, they create a masterpiece of unprecedented power. Imagine a flock of geese soaring across the sky, each bird honking in unison, propelling the group forward with effortless grace. Similarly,

think of a team of athletes, each member pushing their limits, yet buoyed by the strength and support of their comrades. It's the brotherhood of shared purpose, the symphony of collaboration, that ignites the flames of greatness. Together, we are not just individuals; we are an unstoppable force, shaping the world with our collective impact.

04 INSPIRATIONAL EXPERIENCES

“Inspiration fuels action toward extraordinary achievement.”

Lectures and workshops alone won't take you beyond the initial layers of true change. For men, that conquest necessitates physical, emotional, intellectual and spiritual pruning and discomfort. So, our immersive experiences augment traditional learning environments to engage members not only intellectually but also stimulating every sense to genuinely transform the individual.

From physically demanding excursions designed to push members beyond their comfort zones to foster enduring bonds of

brotherhood to extravagant black-tie galas featuring celebrated titans of industry, the Good Council Annual Membership guides you through diverse experiences. These encounters aim to mold you into a complete and empowered man, emphasizing the profound impact of inspirational and transformative experiences within an exclusive platform tailored for men in pursuit of greatness.

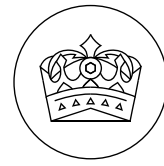

05 MEMBERSHIP BENEFITS
